O R D E R

In the letter 1st read above, the Chief Engineer, Krishna Delta System, Vijayawada, has stated that vide Proceedings dt. 04.04.2016 and 03.04.2017, permissions were accorded to M/s Milesh Marine Exports Pvt. Ltd., Munipeda (V), Kruthiveenu (M), Krishna Dist., for drawl of 52 KLD (0.02125 cusecs) water for a period of 2 years and additional drawl of 150 KLD (0.06131 Cusecs) water respectively from left bank of Bantumilli Main Canal @ KM 86.900 (i.e. total 52+ 150= 202), and the agreement was concluded on 17.01.2012, which was expired on 16.01.2021. Therefore, the Chief Engineer, Krishna Delta System, Vijayawada in the letters 1st and 3rd read above, based on the report furnished by the Superintending Engineer, Irrigation Circle, Vijayawada, has recommended the proposal to the Government for renewal of water drawl permission to M/s Milesh Marine Exports Pvt. Ltd., Munipeda (V), Kruthiveenu (M), Krishna Dist., for drawl of 202 KLD (0.082 Cusecs/day or 0.002586 TMC per annum) of water from left bank of Bantumilli Main Canal @ KM 86.900 for a further period of 5 years subject to the following terms & conditions:

1. The water can be spared subject to the availability of water in the Bantumilli Canal, after meeting the needs of drinking water & irrigation.
2. The entire cost of construction of intake well, pump house, pipelines excavation etc., should be borne by the industry only.
3. Water meters or suitable measuring devices should be installed by the industry at their own cost to measure the water consumed and should be made available with the departmental authorities and the representatives of the user shall be present at all time of inspection. The water meter shall be periodically calibrated and kept sealed. The period of calibration will be specified by the department.
4. The industry should pay the water rate at the existing rates and subject to revision by the Government from time to time. In case of failure to pay water rate / royalty the permissions to draw water shall stands cancelled.
5. The industry shall obtain the prior concurrence from concerned departments for laying pipelines and for crossing etc., wherever necessary.
6. No field bodhi or pipeline shall be taken through or along with Government land without approval of Government and if permission accorded by the Government the lease should be paid as fixed by Government only.

7. The industry should made their own arrangements to dispose the treated effluents as per norms of A.P. Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in their natural sources. Necessary clearance from the A.P. Pollution Control Board is to be obtained in this regard by the firm before drawl of water from the source.
8. The Water Resources department reserves the right for cancellation of the permission without assigning any reasons thereof.
9. The Water Resources department is no way responsible for non-supply of water due to any reasons.
10. The industry must acquire the private land for installation of pumping arrangements. If the industry proposes to utilize Government land for installation of pump house, necessary permissions is to be obtained from the Government for leasing the land and the lease amount fixed is to be paid by the industry.
11. The industry must strengthen the canal bund across the pipeline for a margin 100 M from the toe to the canal side.
12. The industry has to lay CC (1:4:8) before laying the pipeline and CC(1:2:4) over the pipeline refill the pipeline with proper soils and consolidate the banks as directed by the department.
13. The industry has to construct CC walls to avoid leakage at pipeline crossing.
14. The water drawn from the Bantumilli Canal should be utilized for the purpose for which the renewal permission is granted. Any misuse on this account shall entail cancellation for the permission without any notice and liable for imposition of penalty.
15. The industry should follow the Revenue Board Standing Orders.
16. The industry shall pay security deposit at 2.50% on 5 years water charges for which permission is granted.
17. The renewal permission accorded shall be for a period of 5 years. The permission shall have to be renewed well in advance i.e., at least three months before the expiry of permission.
18. The industry shall pay one year water charges as advance and any amount due to the department before entering into agreement.
19. The industry should pay royalty charges as per the Govt. Memo No. 2772, dt: 30-09-2015 at the rate of Rs 5.50/1000 gallons as the water is used for consumptive use or at the revised rates fixed by the Government from time to time.
20. The industry has to conclude agreement with the officers concerned of Water Resources Department.
21. The industry shall abide by R.0 Act-1834 and any other condition laid down by the Government department from time to time.
22. The industry should make its own arrangements for summer storage in their premises only.
23. The industry has to conclude agreements for summer storage in their premises only.
24. The industry shall abide by any other conditions laid down by the Government /Department from time to time.
25. The industry has to pay the water charges for the estimated quantity in advance as the start of the financial year i.e., before 10th April every year as per BS0.
26. The consumptive utilization of 202 KLD (0.082 cusec) or 0.002586 TMC (per year) as required should not exceed under any circumstances.
27. The proposed drawl for this plant should not affect lower riparian rights (LRR) and Upper riparian rights (URR) in any manner.
28. The Department is no way responsible for any damages that may occur to the off-take point due to floods in Krishna River or on an account of any other reasons.
29. The permission does not confer any riparian right to the industry.
